How to make an egg carton dragon

What you need

- 1 x 6-cup egg carton
- 1 x 2 egg cups joined together
- 1 sheet of red craft paper
- 2 sheets of green craft paper
- large googly craft eyes
- black marker pen
- scissors
- masking tape
- skewer
- green paint and brush
- printable dragon bits (see overleaf)

How to do it

Cut the top off the 6-cup egg carton. The part with the egg cups indented in it will be the top of the dragon's mouth.

Re-attach the top part to the bottom part only with some masking tape. This will make a mouth for your dragon that you can open and close.

You can now paint the cartons in green paint.

Stick the googly eyes onto the top of the 2 egg cups and stick on top of the 6-cup egg carton.

If you put two holes in the back for your fingers, you will be able to move the dragon's mouth. Use scissors and a skewer to do this.

Photocopy the tongue and wings (see overleaf) onto coloured paper.

Attach the dragon's tongue and wings with glue.

Fan a piece of A4 green paper to fit into the back of the dragon's head.

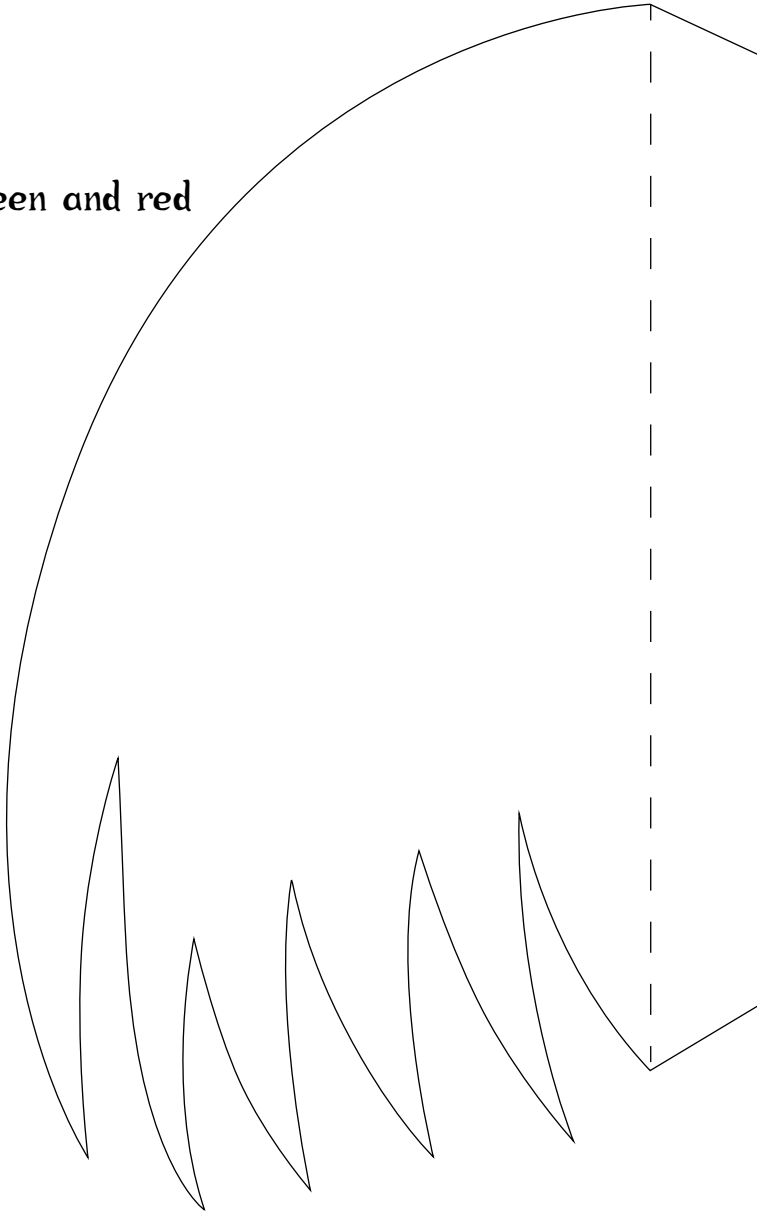

Use your marker pen to draw on nostrils.
