

Climate Action

Georgina Stevens

Illustrated by Katie Rewse

BOOK TALK CARDS

ABOUT THE BOOK

Learn about the causes of climate change and how it is affecting our world. Explore the human impact and what it means to have a carbon footprint.

OUR THOUGHTS

"The young changemakers on each page help to inspire & motivate young readers to change the world. A good addition to KS2 conservation packs."

THEMES:

Environment • Climate

TIME TO TALK

- 1 What do you think will be the main focus of "Climate Action: The future is in our hands"?
- 2 Out of all the causes of Climate Change which one do think is the most devastating and needs tackling first?
- 3 The world is changing in many ways and extreme weather is becoming more normal! What kind of weather is considered as extreme? What is the effect on humans and animals of this kind of weather?
- 4 Biodiversity Loss is increasing, and it is said that we may lose 1,000,000 species in the next few decades. How can we help to look after our animals?
- 5 How does the book explain the concept of a Carbon Footprint?
- 6 Our current Carbon Footprint is damaging our beautiful planet, how can we all reduce the causes by changing our lifestyle?
- 7 Many people from all over the world have already begun to make changes in small ways. Which ones do you most admire and why?
- 8 There are now many amazing jobs that will help to secure the future of our planet. Which one would you like to do and why?
- 9 How do you feel about the climate crisis having read this book?
- 10 Do you feel you want to act and try some of the things suggested in the book? What would be the first thing you would do to make a change?
