

# The Makers Club

Reimena Yee

Illustrated by Tintin Pantoja  
and Melanie Ujimori

# BOOK TALK CARDS

## ABOUT THE BOOK

Join the Makers Club, where art and science come together! This graphic novel contains two stories in one. In the first story, readers meet Nadia and Priya, who are paired up for a science fair project.

## OUR THOUGHTS

"The diverse cast of characters are fun and dynamic. The two stories included are absorbing and uplifting. The graphics are simple and easy to follow."

YEAR  
6

## THEMES:

Self-expression  
Creativity • Friendship

## TIME TO TALK

- 1 Nadia is excited about the new opportunities she will have in her new school. What new things are you excited about?
- 2 Priya's parents aren't happy about the amount of time she spends gaming. Are your parents or guardians happy when you play on the computer or tablet?
- 3 Do you think gaming is a creative hobby? Could you persuade someone that it is?
- 4 Aquilah hears little voices in her head that often talk to her in a negative way. Do you talk to yourself like this? How does it make you feel?
- 5 If you could start a club at school, what would it be?
- 6 Has this book inspired you to do something creative?
- 7 The friends are brought together by their love of Banyan High. Are you a fan of anything? Does being a fan help you to make friends?
- 8 On page 53, Nadia worries that if she doesn't do well on her project, she could mess up her future. Do you think that is true?
- 9 Would you have preferred to read this story as a written novel or do you think it works best as a graphic novel?
