

TITLE: Owl babies

AUTHOR: Martin Waddell

INTEREST AGE: 3-6 Years

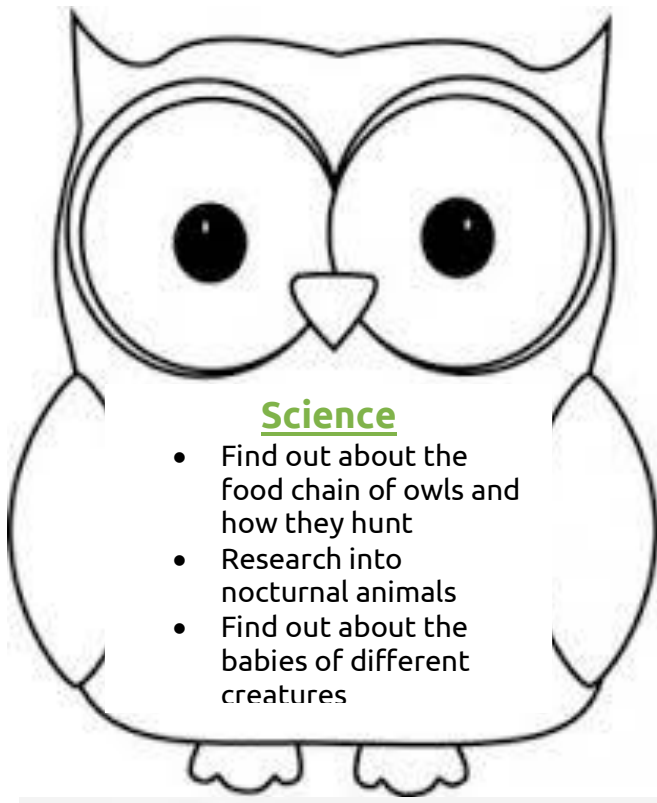

BOOKBAND: Purple

OUR REVIEW: Reassuring text & wonderful illus. Especially good at storytimes.

English

- Read the story and describe the personalities of each of the baby owls. How do we know what each owl baby is like?
- Describe the wood where the owls live. How is it different at day time and night time?
- Write a similar story which includes different creatures.
- Act out the story and discuss the feelings of the babies and their mum at different points in the story?
- Write a note from the owls' mum telling them not to worry while she has gone.

Science

- Find out about the food chain of owls and how they hunt
- Research into nocturnal animals
- Find out about the babies of different creatures

Art

- Use outdoor items (leaves, twigs, feathers) to create an owl picture
- Draw pictures of baby owls

Geography

- Find places in the local area where owls might live.

PSHE

- How are the owls feeling at each part of the story?
